On October 1, 2019, ThedaCare, Inc. implemented Workday-a new ERP system. This new system integrated old software systems into one. The newly integrated areas included general ledger, accounts payable, payroll, purchasing and HR. This conversion allowed ThedaCare to eliminate workarounds needed among the old software systems to ensure data now flows directly based on Tax Id. These changes resulted in some of the fluctuations you will see when comparing to prior year data.
